| Airtel | Billing & Pricing | 475 | Does not show all the available plans. Plans listing don't even state of they are data and ott it's or talktime and validity or whatev the most expensive plans they have, without any clarity on what those plans give exactly. |
| Jio | Network & Connectivity | 247 | Very bad network 4g/5g in home, sudamdih, dhanbad jharkhand |
| Jio | Customer Support | 203 | JioFiber Feedback JioFiber service is very disappointing. For the last 1 month, my router auto-restarts 5-6 times every day, and th raised multiple complaints, but no technician has visited or properly resolved the issue. Very poor service and support. |
| Airtel | App Performance & Bugs | 93 | Trai mandated packs are not shown in their website for recharging.. |
| Airtel | Network & Connectivity | 70 | jio me port karo sab log ,airtel 5g range band kar deta hai |
| Airtel | App Performance & Bugs | 68 | This app spies n slows down speed once it detects high data consumption! Hope it's ai by error and not deliberate, many users c |
| Airtel | App Performance & Bugs | 62 | This app is extremely slow to open, recently recharged with amazon prime lite subcription. Cannot claim the subscription throug active, but cannot log into Amazon. The message displayed on amazon app is "your prime membership on airtel is on hold". Hov query? |
| Jio | Network & Connectivity | 56 | "My jio" app, most of the time not working due to SLOW INTERNET SPEED ( 1-5 kbps ) , But it's 5G . Please stop writing 5G. It's n 300mb in a full day. Calling to other NETWORK in 1 time is next to impossible.After 2-3 times it gets connected. Simply give a go anything. Jio network only for metro |
| Jio | App Performance & Bugs | 50 | Bank verification not working properly i trying so many times |
| Jio | App Performance & Bugs | 25 | Slow and bloated. Better rename this app to "Still loading, Just a moment...". That should let everyone know don't waste your tim give answers when asked to its AI bot |
| Vi | Network & Connectivity | 20 | The legacy keeps continuing. Again back to back full 5-stars for consistent perfomance as an irritating service provider, endless la 5G speeds, but even BSNL feels better with their 3G. Please take necessary corrective measures. Still hoping things get streamline |
| BSNL | App Performance & Bugs | 17 | Zone not added for STD: 3592, Simply not meant for FTTH customers. Same UI, no improvement, inconsistent colours, not better to fetch data from servers. Telling already added numbers to be not of BSNL. Also, having login OTP issues. Slower than the previ the app was launched to Playstore in a hur |
| BSNL | Billing & Pricing | 17 | I made a recharge through the app, and the payment was successfully deducted from my account, but the recharge failed. Even a contacted customer support, they simply said that the payment was not received, even though the money has already been dedu frustrating experience. I would strongly recommend everyone |
| BSNL | App Performance & Bugs | 16 | this new app has so many issues:- 1. The OTP is not able to send. 2. Sometimes it's laggy. 3. Most of the time, it is not open show |
| BSNL | App Performance & Bugs | 16 | Unable to switch to linked FTTH/Fiber connection I registered using my non-BSNL primary mobile number and successfully linke whenever I try to switch to my linked Fiber account, the app throws an error asking me to "Register and create profile for adding unable to access or manage my BSNL Fiber details.
